FLYING HIGH

A major distributor of all types of flags including U.S., state, international, custom and historical flags, Conder Flag has graced America's businesses, homes and skies for more than seven decades.

Originally a source for U.S.-made American flags, we soon broadened our business with custom-printed flags and banners, logo flags, branding programs, graphic decals, stadium and arena graphics and trade show signage that help any company, venue or event get noticed. Conder Flag also sells, repairs and installs all types of flagpoles for commercial and residential use, and operates retail stores in Charlotte and Atlanta.

But what really sets Conder Flag apart is our commitment to the highest quality products, customer service and long-term relationships with our customers.

PATRIOT NYLON OUTDOOR UNITED STATES FLAGS

Dupont developed Solarmax to meet the needs of the flag industry. Solarmax provides a very durable and attractive fabric that also stands up to bright sunlight and strong ultraviolet radiation. Although densely woven material, Solarmax retains nylon's traditionally great ability to fly in very light winds. Its unique structure allows full dye penetration for bright, long lasting colors without damaging the nylon fibers. Solarmax represents the pinnacle of nylon flag material development from the world's leading maker of nylon flag fabrics. When combined with the new 2000 Colorfast system, Solarmax makes the best U.S. nylon flags available.

Dupont's nylon flag material outperforms other nylons

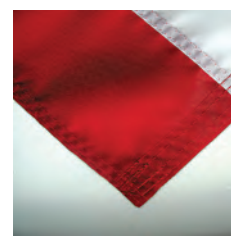

- ▶ One-year colorfast guarantee
- ▶ Four rows of lock stitching with back stitch reinforcements
(Six or more rows on flags 8' x 12' and larger)
- ▶ Two rows of stitching on top and bottom hems
- ▶ Best resistance to damaging ultraviolet radiation
- ▶ Dense 200 denier nylon weave
- ▶ Longest lasting nylon material available
- ▶ Flies in the lightest breeze
- ▶ Provides the brightest colors for a great appearance

Stripes Sewn With 4 Rows of Color-Matched Stitching

Seams are double-needle stitched with premium, extra strength polyester thread color-matched to stripes with back stitch reinforcement.

Oversized Stars In Brilliant Extra Heavy Embroidery

25% Larger than typical stars and created by an especially dense embroidery technique using polished white thread, these stars sparkle brilliantly in the rich blue field.

100% Nylon With ColorFast Dyes

Flies in the lightest of breeze, dries quickly and resists the aging effects of sun and weather.

CENTURY POLYESTER

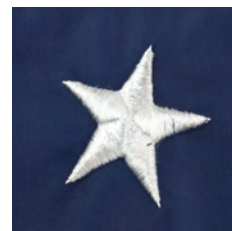

THE FLAG INDUSTRY'S WORLD LEADER

For institutional and commercial flag displays nothing beats the performance of a Century 2000 flag. Made from open-weave polyester material, this time-tested standard has been America's best U.S. flag for over 30 years.

- ▶ Greatest durability
 - Exclusive 100% 2 ply spun woven polyester fabric resists high winds
 - Open weave reduces fabric stress for longer wear
 - The longest lasting flag made
- ▶ Best appearance
 - Brightest, fade resistant colors
 - True fabric feel and looks
 - Special weave improves flying ability
- ▶ Ideal for larger flags flown daily, all commercial, industrial and institutional uses and high wind areas.
- ▶ Highest quality
 - Every flag made double inspected
 - Made by most experienced flag makers in the industry

HOME KITS & BRACKETS

US BANNER FLAG

This popular flag for home use is made of durable Patriot Nylon material featuring embroidered stars, sewn stripes and a pole sleeve with leather tabs.

PART #	SIZE	EACH
US2524	2 1/2' x 4'	\$29.90
US2535	3' x 5'	\$33.90

2 PIECE SPINNING POLE

These poles are available in either a white, brushed aluminum or woodgrain finish. The top forty inches of the pole rotates on ball bearings, so the flag will always hang free. There is no need for an unfurling tube.

Each pole is supplied with a ball top, two flag fasteners for flying a traditional flag with grommets and also a snap and swivel ring for displaying banner type flags with pole sleeves. All models fit one-inch brackets.

ITEM #	SIZE	FINISH	EACH
3010	5'	WHITE	\$20.00
3020	6'	WHITE	\$22.00
3030	5'	SILVER	\$20.00

State & Territorial Flags

STATE & TERRITORIAL FLAGS

Unexcelled in beauty and craftsmanship, state and territorial flags are made to exacting specifications. Seals and designs are always in correct proportion to flag size. Our dye process reproduces emblems with the utmost accuracy in fast, brilliant colors.

For outdoor display:

Flags are offered in 100% heavyweight nylon, a 200 denier bunting specially treated to minimize sun and chemical deterioration. America's first choice, they are extremely durable, fast drying, and boast brilliant colors. All outdoor flags are finished with strong canvas headings and large grommets.

For indoor display:

Flags are made of lustrous 100% nylon and finished with lined pole sleeves with velcro tabs, and gold fringe.

Flag Etiquette

When displaying all 50 state flags, they should be arranged in the order they were admitted to the Union.

9-11 FLAG OF HONOR & FLAG OF HEROES

Created with a sincere effort to honor and memorialize those who died in the terror attacks of 9-11, these flags, imprinted with the names of each of those who perished on that day, provide a comfort to the families of the heroes and victims.

Proceeds from the sale of these flags go to several charities, including the Voices of 911, the National 911 Museum at Ground Zero, the Flag of Honor Fund and the Wounded Warrior Project.

FLAG OF HONOR

Includes the names of each individual who perished in the attacks of 9/11.

Custom nautical flags available

Flagpoles

FLAGPOLES

Conder Flag flagpole shafts are manufactured in the US from seamless 6063-T6 aluminum with tensile strength not less than 30,000psi and a yield point of 25,000psi. Shafts in excess of 35' exposed height are shipped as multiple piece units, then field-assembled with a self aligning internal sleeve assembly. All flagpoles are polished to a Deep Luster Finish. Other available architectural finishes are powdercoat, clear anodized, Duranodic bronze and black anodized. Conder Flag flagpoles are produced for the popular ground mount method. The overall shaft length includes the exposed height measurements plus an additional 10% that fits into a ground sleeve assembly. Additional mounting methods including shoebase mounts are also available.

PARAMOUNT EXTERNAL HALYARD SERIES

These tapered flagpoles have been manufactured to meet architectural standards for quality strength and finish. Manufactured from high strength aluminum tubing, the flagpoles will enhance the landscape of any commercial property. Standard fittings include a gold anodized ball, cast aluminum single revolving truck assembly, braided polypropylene rope, zinc plated snaphooks, cast aluminum cleat, spun aluminum flash collar, foundation sleeve assembly and installation instructions.

CLASSIC INTERNAL HALYARD SERIES

Internal halyard flagpoles provide an excellent solution to vandalism. These flagpoles contain a stainless steel winch inside the shaft, operable only with a removable crank handle. Stainless steel cable is used along with a retainer ring and neoprene covered counterweight. Other included fittings are a cast aluminum cone style revolving truck assembly, zinc plated snaphooks, spun aluminum flash collar, foundation sleeve assembly and installation instructions. The gold anodized ball is optional. **Larger sizes available - up to 80'**

GUARDIAN ROPE BASED INTERNAL HALYARD SERIES

This product replaces the winch and steel cable assemblies with a less expensive internal rope system using an internal cam cleat inside a heavily reinforced door frame assembly. A cast aluminum stationary truck is standard for 5" base diameter poles, while 6" and 7" base diameter poles get a revolving truck.

FLAGPOLES

ECONOLINE EXTERNAL HALYARD SERIES

These flagpoles are manufactured to the same high standards and with the same shaft material and processes as the larger Paramount line of architecturally designed flagpoles. Econoline flagpoles are tapered with scaled down proportions that make them perfect for home, apartment or small business. Standard fittings include a gold anodized ball, cast aluminum single sheave stationary truck assembly, cast aluminum cleat, braided polypropylene rope, nylon snaphooks and ground setting tube. Upgrades are available including a spun aluminum collar, revolving truck assembly and more.

FIBERGLASS FLAGPOLES

Fiberglass composite flagpoles are made in the USA. They have exceptional strength with a gel-coat finish that is highly durable and resistant to sun, moisture and corrosion. Fiberglass flagpoles do not conduct electricity and the finish maintains its luster and color. A 20 year, limited warranty is standard for each fiberglass flagpole. Standard accessories include: PVC Ground sleeve, rotating truck, halyard, snap hooks, gold anodized ball top, collar and nylon cleat.

INSTALLATION

At Conder Flag Company, we are proud to be an industry leader in flagpole installation with over 50 years of experience. Our fleet of lift trucks allows us to install poles up to 80 feet tall.

FLAGPOLES

ALPHA SECTIONAL SERIES

This lightweight, sectional, non tapered flagpole is a popular inexpensive choice for the home or apartment landscape. The shaft sections are manufactured from strong 6063TS seamless aluminum tubing to provide a long lasting, rust-free beautiful appearance. The swedged top of each section fits into the bottom of the section above it to provide a strong, water repellent joint and an attractive, straight assembly. Standard fittings include a gold anodized aluminum ball, cast aluminum single stationary truck assembly, braided nylon rope, nylon snaphooks, cleat and pvc sleeve.

PART #	EXPOSED HEIGHT	SHAFT DIAMETER	WALL THICKNESS	FLAG SIZE	FINISH	RETAIL PRICE	CONDER PRICE

WHITE GIANT SECTION STEEL SERIES

These flagpoles offer exceptional quality at an economical price. The flagpole tubing sections are heavy-duty 19 gauge first run quality steel. The inside length of the flagpole is galvanized to deter rusting while the outside is beautifully finished with a white polyester powder coated painted finish. The tubing sections swedge together to provide a smooth exterior finish. All of these flagpoles come complete with a gold vinyl ball ornament, pulley assembly, rope, cleat, nylon snaphooks, pvc foundation tube, and installation instructions.

TOP FLIGHT TELESCOPING ALUMINUM

Ideal for home or business, these poles are easy to install and use. No ropes or hardware are necessary because 360-degree rotating collars hold up to two flags at once. A gold anodized ball, pvc ground sleeve and US nylon flag are included with this flagpole. Available in bronze, silver and white.

Custom Flags

DIGITALLY PRINTED FLAGS

Each custom flag is finished with a canvas heading and grommets. Fly hems are finished with four rows of lock stitched construction. Each fly corner is reinforced with a back tacking stitch. Prices below are for single reverse flags.

Larger sizes available

SIZE	PRICE	PRICE 3+	PRICE 6+	PRICE12+
3' x 5'	\$119.00	\$109.00	\$98.00	\$67.00
4' x 6'	\$166.00	\$139.00	\$119.00	\$79.00
5' x 8'	\$219.00	\$206.00	\$192.00	\$118.00

Add 90% for double sided flags. Other sizes available. Call for pricing.
Set up fee-\$55.00 per design.

APPLIQUE FLAGS

Talented employees hand-craft each flag with care and attention. We can sew virtually any logo on any size or shape background. The standard construction for flags, pennants and burgees is single reverse; words read correctly on front and reverse on back. Double sided flags read correctly on both sides and require two flags sewn back to back.

All logos, emblems and special designs are individually quoted.

SIZE	BASE PRICE 10 BLOCK LETTERS
12" x 18"	\$96.00
16" x 24"	\$113.00
2' x 3'	\$143.00

5' x 8'	\$226.00
6' x 10'	\$296.00
8' x 12'	\$436.00

Add 90% for double sided flags. Other sizes available. Call for pricing.

Set up fee-\$55.00 per design.

Please email artwork to info@conderflags.com to receive an accurate appliqué custom flag estimate.

CUSTOM BANNERS

Custom banners have long been a specialty of Conder Flag. Quick turnaround? Intricate logo? Difficult color match? We'll work right by your side to make the impossible possible, whether you need one banner or 500. We also carry many other custom items that are unique or job specific that can be quoted on a site visit. Give one of our customer service representatives a call at 1-800-342-3524 to set up an appointment and let's get started on your custom project today.

APPLICATIONS

We can print custom-made banners on a wide variety of materials to identify venues, promote events and enhance branded environments. Materials would include Fabric, Sunbrella®, Vinyl or Vinyl Mesh. Banners can be fabricated to fit specific structures and special architectural features for periodic use in public areas.

Below is pricing for a standard one-sided banner on vinyl.

SIZE	SQ. FOOTAGE	\$ PER SQ.	EACH
2' x 6'	12	\$6.00	\$72.00
2' x 8'	16	\$6.00	\$96.00
2' x 10'	20	\$6.00	\$120.00
3' x 5'	15	\$6.00	\$90.00
3' x 6'	18	\$6.00	\$108.00
3' x 8'	24	\$5.75	\$138.00
3' x 10'	30	\$5.50	\$165.00
3' x 12'	36	\$5.50	\$198.00
4' x 6'	24	\$5.75	\$138.00
4' x 8'	32	\$5.50	\$176.00
4' x 10'	40	\$5.50	\$220.00
4' x 12'	48	\$5.25	\$252.00
4' x 15'	60	\$5.25	\$315.00
4' x 20'	80	\$5.00	\$400.00
5' x 10'	50	\$5.25	\$262.50
5' x 20'	100	\$4.75	\$475.00
5' x 30'	150	\$4.25	\$637.50

Standard finishing on banners up to 4 x 15'. Reinforced grommet every 2' across top & bottom. Ends are reinforced.

Webbing is used for larger banner finishing. Call or email us for a quote on your specific banner size.

Vector art required in an .eps, .ai or pdf format. Artwork charges may apply at \$55.00 an hour.

For Double-Sided pricing, add 60%.

CUSTOM PRINTED FABRIC WALL DISPLAY SYSTEM

This impressive, sturdy pop-up is easy to set up and gives you a generous area (88" tall x 111" wide) to display your product or message. The cross-based space frame design employs strong, interlocking tubing that keeps maximum tension on the fabric graphic. The graphic panel is printed in full color on our deluxe display cloth. Great for trade shows, in-store displays and small stage backdrops.

Fabric Wall Display System

Close up of back side

SILICONE EDGE GRAPHICS

This a simple framing system designed to showcase fabric graphics. Perfectly patterned fabric slides into the extrusion's groove for a clean and evenly tensioned fit, minimizing visible framework. Once the extrusion is built and mounted, graphic replacement is easy.

This is especially useful for branded ad campaigns or graphics that have a series of monthly or seasonal messages. Call 1.800.342.3524 to get a custom quote from one of our customer service representatives.

Silicone Edge Graphics

CUSTOM PRINTED RETRACTABLE DISPLAYS

An economical and simple to use pull-up banner stand. Printed one side on special "no-curl" material or on high quality cloth this display will look awesome every time it is used.

ITEM #	SIZE	MATERIAL	EACH
288	80" x 33.5"	POLYESTER	\$425.00
289	80" x 33.5"	POPUP	\$279.00

Retractable Display

TEXTURED WALL DECALS

Textured wall decals make an instant graphic splash when applied to brick, concrete block and architectural stucco. Easily removed, they will not harm architectural surfaces. These decals need to be installed by a professional. Give one of our customer service representatives a call at 1-800-342-3524 for a quote.

Textured Wall Decals

GLASS DECALS/WINDOW PERF

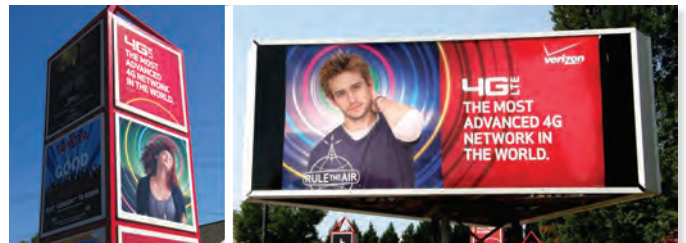

Intended for temporary signage and promotional programs, glass decals can be either fully opaque or transparent mesh. The different types are Perforated Window Film, Clear, Static Cling and Opaque. These decals are removable.

Glass Decals/Window Perf

BACK-LITS

These attention-getting temporary and permanent signs can quickly enhance interior and exterior applications. An easy solution for seasonal sign change-outs, back-lit designs can be customized for a myriad of business needs. Printing is available on both flexible and rigid substrates.

Back-Lits

FLOOR GRAPHICS

Custom-printed, specialty decals for indoor or outdoor applications, floor graphics have a dynamic promotional impact on events and branded environments. These durable decals can be applied to a variety of surfaces (from carpet to concrete) and can be removed without damage or residue.

Floor Graphics

ARTWORK GUIDELINES

To make your project flow smoothly, our graphics team will work with you as you submit your art for printing. We prefer that you submit your own high resolution vector art files to insure the quality of the final product. We will be happy to review your art or images in advance to make sure that they will enlarge with suitable resolution. If needed, our creative team may assist you in recreating your artwork at an artwork extra charge. You will be provided with proofs for review and approval on every job. Conder Flag strives to make this process as easy for you as possible. Please follow the guidelines below for your art submittals.

Acceptable vector file formats (in order of preference)

.ai
.pdf
.eps

For all vector artwork:

- ▶ Make sure that any fonts in your artwork have been converted to outlines.
- ▶ If your artwork includes bitmap images, make sure that they are linked, not embedded, and be sure to send us the linked bitmap file along with the vector file.
- ▶ For vector artwork we highly recommend using Pantone colors where possible. With CMYK or RGB swatches we cannot guarantee a color match.

Acceptable raster/bitmap file formats (in order of preference)

.tif (LZW compressed, layers flattened)
.jpg (saved at maximum quality)
.psd (version CS5.5, layers flattened)

For all raster artwork:

- ▶ Make sure your images are 100dpi at final, finished size.
- ▶ Save your images in CMYK color.

FLAG ETIQUETTE

GENERAL DISPLAY

It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstaves in the open. However, when a patriotic effect is desired, the flag may be displayed twenty-four hours a day if properly illuminated during the hours of darkness.

1.) When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, to the observer's left. When displayed in a window, the flag should be displayed in the same way, with the union or blue field to the left of the observer in the street.

No other flag or pennant should be placed above, or, if on the same level, to the right of the flag of the United States of America, except during church services conducted by naval chaplains at sea... for personnel of the Navy... when the church pennant may be flown above the flag.

No person shall display the flag of the United Nations or any other national or international flag equal, above, or in a position of superior prominence or honor to, or in place of, the flag of the United States at any place within the United States or any Territory or possession thereof; Provided, that nothing in this section shall make unlawful the continuance of the practice heretofore followed of displaying the flag of the United Nations in a position of superior prominence or honor, and other national flags in positions of equal prominence or honor, with that of the flag of the United States at the headquarters of the United Nations.

2.) When flags of States, cities, or localities, or pennants of societies are flown on the same halyard with the flag of the United States, the latter should always be at the peak.

3.) When the flags are flown from adjacent staffs, the flag of the United States should be hoisted first and lowered last. No such flag or pennant may be placed above the flag of the United States or to the United States flag's right.

4.) The flag of the United States of America, when it is displayed with another flag against a wall from crossed staffs, should be on the right, the flag's own right, and its staff should be in front of the staff of the other flag.

5.) The flag of the United States of America should be at the center and at the highest point of the group when a number of flags of States or localities or pennants of societies are grouped and displayed from staffs.

6.) When flags of two or more nations are displayed, they are to be flown from separate staffs of the same height. The flags should be of approximately equal size. International usage forbids the display of the flag of one nation above that of another nation in time of peace.

CHURCHES & AUDITORIUMS

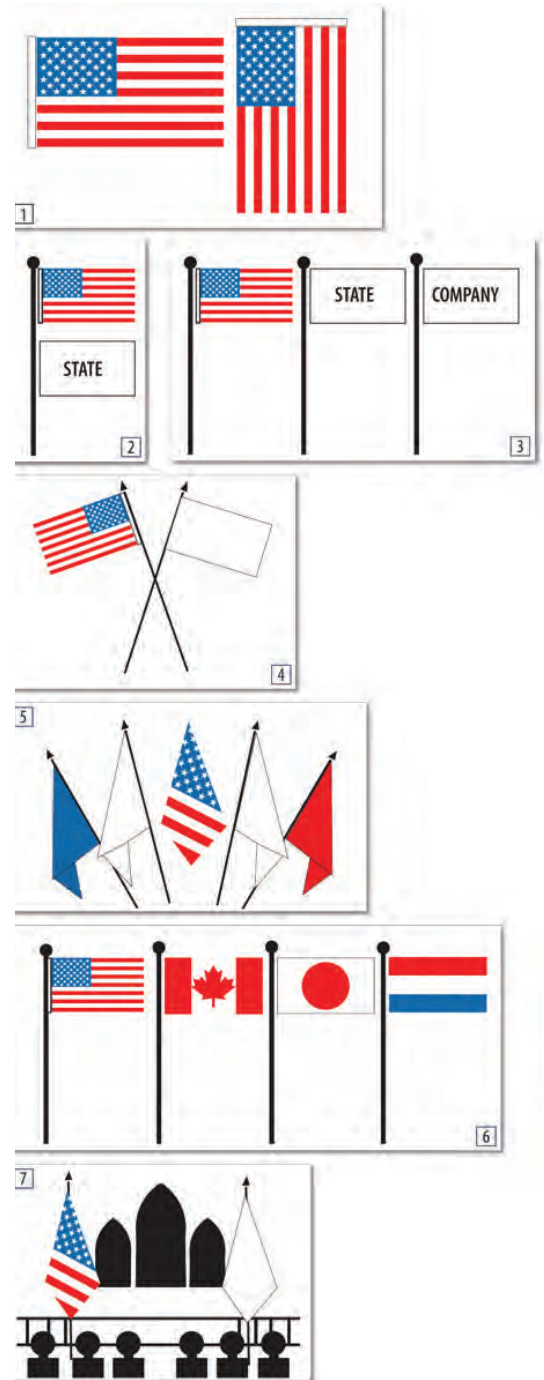

7.) When used on a speaker's platform, the flag, if displayed flat, should be displayed above and behind the speaker. When displayed from a staff in a church or public auditorium, the flag of the United States of America should hold the position of superior prominence, in advance of the audience, and in the position of honor at the clergyman's or speaker's right as he faces the audience. Any other flag so displayed should be placed on the left of the clergyman or speaker or the right of the audience.

HALF-STAFF

The flag, when flown at half-staff, should be first hoisted to the peak for an instant and then lowered to the half-staff position. The flag should be again raised to the peak before it is lowered for the day. On Memorial Day, the flag should be displayed at half-staff until noon only, then raised to the top of the staff. By order of the President, the flag shall be flown at half-staff upon the death of principal figures of the United States Government and the Governor of the State, territory or possession, as a mark of respect to their memory. In the event of the death of other officials or foreign dignitaries, the flag is to be displayed at half-staff according to Presidential instructions or orders, or in accordance with recognized customs or practices not inconsistent with law.

In the event of the death of a present or former official of the government of any State, territory or possession of the United States, the Governor of that State, territory or possession may proclaim that the National flag shall be flown at half-staff.

--- Excerpts From The Flag Code of the United States – Public Law 94-344 July 7, 1976

NOTE: The U.S. flag should always be on its own right in relation to other flags on adjacent staffs-to the left of the observer-except when displayed as in #5.
